(Winter Park)

Do you suffer from pain?  
Have you been told surgery  
is your only option? There's a  
better alternative...

## Services

Non-surgical regenerative treatments for pain associated with sports injuries, arthritis and other musculoskeletal conditions

When you're experiencing joint and muscle pain, it can feel like your whole body is in pain. You may have experienced this before when you were younger and your joints hurt from sports or a fall. Or maybe you've just started getting into sports and are having trouble keeping up with the moves because of an injury to your knee or shoulder. Regardless of when you've been feeling pain in your joints, it's important to know that there are other options than just keeping up with the pain. If you're looking for a lasting solution for joint or muscle pain, regenerative medicine may be right for you. At QC Kinetix (Winter Park), we provide a comprehensive range of regenerative medical solutions in sports medicine in Winter Park that works to jump-start your body's natural healing processes. These treatments can reduce inflammation, relieve pain, and restore your range of motion. So, do contact us today!
