

ABOUT US

Sports injuries are a common occurrence and can be very costly. They can also lead to long-term health problems if not treated properly. It is important to know the warning signs of a sports injury so that you can get treatment as soon as possible. QC Kinetix (Marietta) knows that injuries can make you feel like you're at the end of your physical capabilities. That is why we offer Marietta sports medicine that helps you recover faster and protect your body from further injury. By combining traditional sports medicine treatments with our sports medicine, you'll recover faster, be less prone to re-injury, and strengthen cartilage. We have a unique approach to treating pain and injuries by utilizing our QC Injury protocol. This system can minimize pain and inflammation while restoring degenerated tissue. Our medical professionals guide patients every step of the way to ensure their treatment and recovery process is as smooth as possible.
